

# Leader Impact Statement

More than ever, in times of crisis, chaos and ambiguity, leaders need to activate inspiration for themselves and others. Use this framework to design a strengths and purpose-driven leader impact plan.

**Identify your top strengths as a leader:**

**During this time of uncertainty....**

- **What personal values guide you?**
  
  
  
  
  
  
  
  
  
  
- **What shared team values guide you?**
  
  
  
  
  
  
  
  
  
  
- **What is your desired impact on others and the world?**

**Write down your overarching leader impact statement**, defined as: how you use your unique strengths and values to have the kind of impact you want to have as a leader.
